Textiles and Apparel

February 16, 2025 (Sunday)

Bharat Mandapam, New Delhi

in partnership with
Confederation of Indian Textile Industry (CITI)

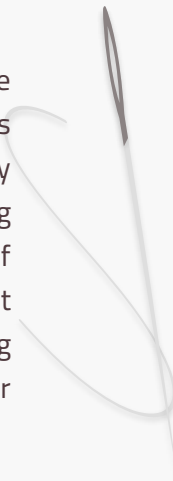

www.bmoawards.org.in

Backdrop

India has an estimated 64 million MSMEs, 99 per cent of them being micro enterprises. A significant proportion of these enterprises are represented industry associations and chambers of commerce, also called Business Membership Organizations (BMOs). BMOs provide a variety of business-related services to promote the competitiveness of their members as well as non-members.

Over the years, BMOs are also playing an important role in promoting responsible business among MSMEs, thereby helping (a) Addressing Environmental Issues including achieving India's COP 26 target including reduction of carbon intensity (emission intensity of GDP) by 45 per cent from the 2005 levels by 2030, achieving Net Zero by 2070, increasing forest cover that will absorb 2.5 to 3 billion tons of CO₂e by 2030 and adopting a "Lifestyle for Environment (LiFE)" – a lifestyle that does not harm our planet as well as (b) Promoting Social Aspects including promoting decent and safe work environment, labour rights, equal pay, gender equality, employment.

Industry contributes a good 20 percent of the 4 billion tonnes of CO₂e emission in India. Textiles and apparels companies constitute 42 percent of Indian MSMEs. This Award is therefore targeting BMOs who have textiles, apparels or their value chain partners (manufacturers, serviced providers and traders) as their members.

Objectives of the Award

- Encourage BMOs to promote responsible business
 - Encourage BMOs to promote sustainability linked national and global agendas
 - Encourage BMOs to come up with innovative sustainability tools
 - Inspire MSMEs to adopt different sustainability tools
 - Disseminate nationally and globally the good work done by Indian BMOs in promoting responsible business
 - Provide a platform to BMOs to share their ideas and thoughts with policy makers.
- 
-
